

Greetings, Green Committee Friends,

The table on Arbor Day at River Hook Preserve was a hit and got us plenty of curious visitors. It was a gorgeous day at a beautiful spot in progress. The event served as 150-day kick-off for Upper Nyack's 150th anniversary.

PLENTY OF GUESTS DROPPING BY

Suzanne and Harry staffed the table during the event; seedlings provided by Kate were a big hit as was the give-away of eight compost bins, and leaflets to help advocate for issues dear to the group. About a dozen new folks joined our e-mailing list.
